

Japan's Premier Takes Peace Overtures to Soviet
Scorns New War

Placed at the head of Japan's civil government after a crisis that marked a new peak in military-political domination of Tokyo, Viscount Makoto Saito, new Japanese prime minister, becomes the key man of the future in Nippon. With a military dictatorship about to be established, he is the first to make peace overtures to his regime? He is a leader of the military party with lifelong naval career behind him. His appointment by Emperor Hirohito was a blow to the military party that had hoped to form a cabinet under Dr. Kinsaburo Suzuki. This group made a coalition ministry.

Possibility of War

Declares Attitude of Russia in Manchuria Affairs Correct

By GLEN RABE
Associated Press Staff Correspondent
Copyright, 1932, by the Associated Press
TOKYO, June 2.—Viscount Ninomiya Saito, Japan's premier, and foreign minister, asserted today in a written statement that there is absolutely no danger of war between his country and Soviet Russia.
"The Japanese government has stated repeatedly that no danger of war exists with the Soviet Union," he said. "The attitude of the Soviet government, respecting a whole in Manchuria, has been perfectly correct, and we only wish that the Soviet government should take a similar attitude in its attitude of non-interference in Manchuria."
"This concentration, the Japanese government believes, is the real source of danger to the peace of the world. It is the real source of danger to the peace of the world. It is the real source of danger to the peace of the world."

Outlawry of Heavy Tanks As War Weapons

JAPANESE WARSHIP RATIO SHOULD SWELL

Notice Given to Arms Parley of Intention to Re-open Question

GENEVA, June 2.—The outlawry of heavy tanks as offensive weapons of war is urged before the final commission of the disarmament conference Wednesday by Lord Stanhope, of Great Britain. He declared that Britain would be prepared to scrap all tanks of 35 tons or more, but would reserve the right to build tanks for ordinary police work.

UNANIMOUS ACCORD

Unanimous agreement was reached by the naval commission to extend the age of battleships from 20 to 25 years. The 20-year age limit for aircraft carriers was maintained, however, as well as existing age limits for other types of ships.

OVER AGE VESSELS

A Japanese spokesman gave notice to the naval commission of the world disarmament conference that Japan might reopen the question of naval vessels over age.

Ruinous Competition Perils Industry

Britain Lays Its War Loan Interest On Breakfast Table

LONDON, June 2.—Dorby day is the war loan interest on the breakfast table. It is an interesting coincidence that the great racing festival of this year coincided with the day on which the government pays interest on the war loan, a large portion of which is held by British investors.

Together there are 4,000,000 pounds of war loans and every one of them is the interest warrant at the breakfast table. Contrary to expectation, the amount was not accompanied by any proposal to convert the interest from five to four per cent, although it is probable that a conversion, long mooted, will not be long delayed.

COAL CONTROL BY DOMINION RULE IS URGED

Mine Owners Are Held to Blame for Bad Conditions at Collieries

Exclusive to Edmonton Bulletin
DRUMHELLER, Alta., June 2.—Advocating Dominion-wide jurisdiction of mines to abolish inter-provincial competition, Pat Conroy, ex-U. M. W. of A. local and district official criticized the existing method of coal production and distribution when on the witness stand giving evidence to substantiate the demand of miners for a ten per cent increase at the adjourned sitting of the miners' conciliation board here today.

Mr. Conroy suggested that under Dominion jurisdiction it would be possible to allot a market quota to each province on the basis of its capacity to produce fuel and would tend to cut down on delivery costs. The witness also advised an embargo on American coal.

Albert Allen, district board member of the U. M. W. of A. who also offered critical testimony concerning present methods of operation, remarked that the operators themselves were to blame for the existing demoralization of the coal industry. Some operators, he declared, were marketing coal from the East-Canada field at cut-throat prices and then complaining that their Drumheller mines were losing money. There had been over-development in the Drumheller Valley, and throughout Alberta since 1922, Mr. Allen declared.

Later in his testimony Mr. Allen gave figures which he claimed have been gathered by local five in the Drumheller Valley, compiled by housewives, based on government schedules of food, clothing, etc. amounted to \$163.54 a month. Coal costs alone worked out at \$12.18 per week. At the A. C. mine the maximum was earned when one man was \$450.00 during 1931 while the minimum was \$115.53. At the Newcastle mine the maximum earned was \$469.00 and the minimum \$119.00.

The witness claimed that a by-product plant should be established in the valley. The hearing is continuing.

Seabury Declares Walker Profited In Illegal Bonds

NEW YORK, June 2.—Samuel Seabury at a hearing of the judicial committee today introduced testimony indicating that Mayor James J. Walker had owned bonds of the Delaware Bridge & Steel Co. which received a \$40,000 city contract.

Seabury declared that in his opinion that a constituted authority should remove from office any official who is guilty of such conduct. "I say the mayor of this city has no right to hold office in a company that has a city contract," he said.

Seabury said, "and I say it is grounds for removal and has been so held and is so provided in section 153 of the city charter."

WHY HERNIE?

LOS ANGELES, June 2.—Herbert Hoover, a home-wrecker! That he doesn't know anything about the divorce suit brought by F. E. Warren against his wife saying "it all started over Hoover." Warren explained that his wife told him after he expressed the opinion that the Hoover family should be wiped out. "Anybody who would do that for 'ever' ought to be wiped out," he said.

Woman Badly Hurt By Pop

\$100 Reward For Identification Of Thrower

Bottle At Wrestling Bout

TOPEKA, Kan., June 2.—An excited wrestling fan hurled a pop bottle at the ring and shattered the skull of Mr. Hall Smith, while a prominent Topeka attorney, last night.

Mr. Smith, who was witnessing the bout in which Referee Joe Carpenter was knocked out, was struck in the back of the head. His condition was pronounced critical today.

A reward of \$100 was offered for identification of the pop bottle thrower. The reward was known of at an upper court by Deputy Sheriff of Topeka, who was angered by the loss of a fight to Jean Callet of France.

Reynolds was putting the referee through an airplane spin when he was tackled and pinned to the mat by Callet. Carpenter landed on Reynolds' face and gave the fall to Callet. Reynolds then uttered his appeal.

FAILURE MARKS HIS MARRIAGE

DEAR MISS DIX—My marriage is a failure and my wife and I have long since ceased to have any relations beyond the most formal courtesy when I am at home. There is a girl nearly 30 years my junior whom I have loved for a long time. I promised to divorce my wife and marry her. This I have failed to do. In fact, as the years have gone on, I have become more and more convinced that I have made a mistake. My wife's interests are broad and I find many diversions in her life. I have noticed for some time that she was getting dissatisfied, but did not take it seriously. Now there is another man who has wanted to marry her for years. He does not know of her affair with me. It is right in assuming this attitude toward me? When I think of losing her I get frantic. I have asked her many times to wait on me, that things would surely work out, and she has been mighty patient. What shall I do?

Answer:

I should think that in the gambling phase, you would either put up or shut up. You should make good on your promises to the girl, or else you should stand in the way of her marrying a man who loves her and will provide for her.

Nothing could be more utterly selfish than your desire to keep the girl waiting on in the vague hope that "something will happen." While you amuse yourself with other women and while she sees her youth and beauty fading and her chances of making a good marriage growing less.

Women Have Large Property Holdings

Feminine Sex Receives the Largest Amount of Inheritances

NEW YORK, June 2.—J. E. McGraw, president of a leading real estate firm of this city, says that 74 per cent of the property purchased from his company is held in the names of women. This ratio compares with 62 per cent two years ago, before the change in the dowry law was effected, and 60 per cent two years ago, before the stock market crash. "In many cases the property has been purchased by men and registered in the name of wife, mother or sister to protect the property in the event of adverse legal judgments. Even though men today can dispose of property without the signature of their wives, they are turning their property over to them. Barely is a sale of real estate made without the direct influence of a woman. We have learned from past experience that a woman's opinion often is decisive. If the husband and wife are of the same mind, the wife does not mind, the chances are 10 out of 100 the wife will have her way. It is a far call from the days of Argenteus and Hety Green, famous real estate owners of their day. Mr. McGraw added, "but it has long been recognized that women control the purse strings of the nation. Forty-one per cent of the individual wealth of the United States is said to be in the control of women. Women are receiving 70 per cent of the estates left by men and 64 per cent of the estates left by women. They do

of course, you are content to let the affair run along as it is before you have all the advantages. You have the girl's love and interest in you. You have the pleasure of her society. You have everything she has to give and she even has to support her. You have your freedom to do as you please and you get tired of her you can simply drift off to the divorce or alimony to pay.

Of course, you are content to let the affair run along as it is before you have all the advantages. You have the girl's love and interest in you. You have the pleasure of her society. You have everything she has to give and she even has to support her. You have your freedom to do as you please and you get tired of her you can simply drift off to the divorce or alimony to pay.

Is there any wonder that a girl gets tired of that? Is there any wonder that she decides to eliminate that kind of lover and that kind of situation from her life? It is because the woman who is in love with a married man is bound to be the loser that makes the game so unfair.

TRADE AGREEMENT
PARIS, June 2.—An important trade agreement which is expected shortly to increase the amount of goods that may be imported into France was reached Wednesday by the United States and French governments.

"Due to present conditions, men are contributing more and more to the upkeep of the home," McGraw concluded. "Men are investing on their own initiative." McGraw's conclusion was based on a survey of 50 per cent of the family budget.

Franco-American Sculptor

The sculptor of this bust is of French origin, but was born in Poland, at Warsaw. He studied in Paris and was for a time a pupil of Rodin. After achieving some distinction in Paris, he came to America some years ago, and with a reputation in both France and the United States, is generally known as an American sculptor. The bust was in a private collection of works by Nadeau and other recently exhibited in New York.

Your Baby and Mine

By MYSTLE MYRE ELDER

TOO UNSELFISH CHILD WINS MOTHER'S DEFAIR.
The child who huddles over his array of toys and will not share a single one is matched by the child who is too generous to his playmates. The problem may be handled in several ways. Let the child be told that sharing and giving away are two different things. Let him see that if he gives away the product of his own labor, he is not paying for his own toys. Let him see that if he gives away the product of his own labor, he is not paying for his own toys. Let him see that if he gives away the product of his own labor, he is not paying for his own toys.

TOO MANY TOYS.
Possibly the child has too many toys and their presence is so meaningless to her. The expensive toy is of no more value than the low dollar which her mother pays exorbitantly. It will become trash, it will go to the junkyard, it will be thrown away. It will be a waste of money. It will be a waste of money. It will be a waste of money.

What New York Is Wearing

What's What
By HELEN DUCIE

SOPHOMORE DANCES.
Question—When a girl goes to a sophomore dance with a boy, should she be expected to pay for her wrap-check? Does he offer her right arm to her as they enter the ballroom together? What is the proper form of seating regard after having received an invitation to a party? Should a girl for an introduction, should the first girl rise? Should a girl rise to greet another older man—a doctor or a friend?

Answer—The girl and young man separate to check their wraps. The girl pays for her wrap-check. They enter the ballroom together, but it is not the custom nowadays to link arms. In the case cited, it is just as well to give a reason for non-compliance. But when Miss Alice regrets that, because of absence from the dance, she is unable to accept the kind invitation of the Alpha Omega Fraternity for Monday the sixth of June. It is not necessary for a girl to rise when another girl is presented to her. The boy with her should rise, and should remain standing.

Jasper East Menace To Pedestrians And Autos Baker Claims

City Should Include Stretch in Paving Operations

Holding that the paving of Jasper East should be included in this year's work in the city, and that failure to do so will be to add to the possibility of street accidents, Ald. H. Baker is making strenuous efforts to have the council and commissioners extend their plans for paving operations.

Jasper East is the most dangerous spot in the city for pedestrians today, and it will be much more dangerous during exhibition week," he said Thursday. "There is ab-

olutely no protection for the pedestrian at all from the bridge to 34th street, and it is a condition that should be remedied. It is the most travelled section of the city.

most traveled section of the city's thoroughfares and in addition to having absolutely no protection for pedestrians it is a dangerous spot for autos. There should at least be a curb there to prevent automobiles going over the bank. Two have already done so, and with the condition of the roadway it is a matter of time before a third will do so.

Mr. Baker also contended that by leaving Alberia avenue to prevent undue wear and tear on street cars he, after months of

"I am not speaking as an East End resident but as one who has the general interests of the city at large at heart," he said. "Every

cycle rider knows what a man-
trap that section of paving is and
auto drivers speak harshly of it
whenever they cross it. I'm afraid
to even think what the pedestrians
must say, and in addition to all that
is a very poor advertisement for
Edmonton when our exhibition vis-
itors come to visit.

D. McNair, fruit company official from Vernon, B. C., is a business visitor in the city and is staying at the Macdonald hotel.

FACTORY WILL ADVANCE RIVALRY BALANCE RACE

by
—BILL LEWIS—

NEED TRIUMPH OVER ARCTICS HERE TONIGHT

South Siders Can Close Gap Which Separates Them From Leaders

The Senior League baseballers go into action tonight at Diamond Park when Royals clash with Athletics in a scheduled encounter. Game time has been set back to 6:30 o'clock in order to accommodate fans who find it inconvenient to attend at an earlier hour.

They ladies going at it all old ball, and the crowd and, just as the Athletics are the far sex women, the Royals will be the fairer sex men.

His service has been speeded up, yet he still retains the same dead-end accuracy that made him a dangerous opponent last summer, while his valuing and his hitting have both shown improvement. In addition, the "Hondo" specialist is competing before his twenty-third birthday year.

Gene Carrigan, the Gloster, is a better man than the game than he has for some years and he is expected to have one of his best seasons. His career has been a steady climb, with more speed and accuracy than usual. The forward is as good as ever, and he is developing a new backhand that should add strength to his game, but should also be used with caution.

Lindsay Carver, soccer-topped Patricia star, is becoming serious than before about his tennis and is practicing several hours daily in order to be at his best for the coming tournaments. He is the champion player par excellence of the city and has won this type of game at a high level at times.

Art Stitt, Clarence Campbell, Peter Gundersen, Frank Gundersen, Walter Melanson are others who are daily at their respective clubs sharpening the points of the rapier-like strokes that will earn them through many a back-swing battle this summer. Campbell is the centre and any of the others may see a glimpse in the near future.

In all, it all would appear that the assertion that the calibre of local tennis is on the upgrade is not without a real foundation.

ANSWER TO QUIRIES
D.B. Lloyminster—"A" and "B" is charged when a batter-runner is permitted to advance by the failure of the catcher to throw or control a legally delivered ball that should have been held or controlled.

A.A.C. Carrore—"At the present time Edmonton is scheduled for a six-day race meeting during the exhibition."

R.R. City—"The Alberta Hockey Union trials will be held in Calgary on June 24, 25 and 26, which may be postponed if it rains elsewhere in these locations, though."

RAMBLERS TAKE FIRST SETBACK

Bears Triumph by 13-5 in Game Last Night

Ramblers suffered their first loss of the year in the first round of the City-South League last night when they bowed to the Bears, 13-5, in a game at the Britannia grounds.

Victory for the Bears enabled them to advance in the standings, and to lead the league.

WINNIPEG IS WEAKENED BY WHEAT BONUS

WINNIPEG, June 2.—Heading pressure presumably to secure the government's five-cent bonus on wheat which expires this month, brought fresh downfalls to wheat values in the pit today. Values at the close were 1/2 to 1/4 lower.

July and October each dropped 1/4 cent to close at 81c and 81c respectively, while December declined 1/4 to 79c.

There was a fair export trade worked on the break.

There was no special feature to the market here. The market was liquidated with both buying and selling by Chicago interests and considerable buying by New York houses with continental connections.

With the exception of a small inquiry for barley for export, cash interest in coarse grain was light. No sales were reported. Cash wheat demand continued good. Spreads were 1/4 to 1/2 better than the previous close.

Whitney Letter

NEW YORK, June 2.—Down trend continues. At a mid-night session, the market was liquidated with both buying and selling by Chicago interests and considerable buying by New York houses with continental connections.

RALLY ROUTES HEAVENLY IN LATE TRADING

NEW YORK, June 2.—Stocks rallied briskly this afternoon, partly on the strength of reports that early announcement was to be made of plans for supporting the bond market under auspices of the Young Committee. Losses of one to two points suffered during early liquidation were made up by even larger net gains and the closing tide was strong. Tobacco led the rally, American Tobacco B jumping more than four net. Westinghouse, General Electric, U. S. Steel, American Telephone, Union Pacific, Allied Chemical, American Express and International Paper led the two points higher. Transactions approximated 1,800,000 shares.

NEW YORK, June 2.—After an early over the security market, the rally was lifted today and a rather active rally set under way, more than cancelling losses of one to two points. Stocks which turned early losses into net gains of one to three points included Santa Fe, Union Pacific, American Telephone and Telegraph, U. S. Steel, American Express, American Can, Eastman Kodak, Borden and Allied Chemical. United States Steel, after duplicating its 1931 low at 21 1/2, was strongly supported and went forward for a net gain of a point or so. American Telephone and Telegraph went forward for a net gain of two points or so. American Telephone and Telegraph went forward for a net gain of two points or so.

FIRE LOSS SHOWN

EGINA, Sask., June 2.—Saskatchewan's fire loss in 1931 was \$3,400,000 as compared with \$3,405,293 in 1930, according to figures released today by Hon. J. F. Bryant, minister of public works.

WETS RECALL THIRD BATTLE YPRES SALIENT

49th Battalion, Edmonton
Regiment, Proved Mettle
16 Years Ago Today

Sixteen years ago—on June 2, 1916—Canadian troops took part in one of the most bitterly-fought engagements of the entire four years of the war. They had just arrived in the Western Front and when battle was over Canadian prestige stood higher than ever before and the progress of Canadian arms was once more the toast of the Allied forces. It also proved the battle mettle of the 49th Battalion, the Edmonton Regiment.

June 2, 1916, in the Ypres Salient found the Canadian corps at that time consisting of three divisions, the fourth not having arrived in France, holding the line from just west of the Menin Road to the south to the Kemmel area.

The Third Division was in the tip of the salient, holding Hooge Sanctuary Wood, Mount Sorrel and other points. Next came the First Division on Hill 60 and other points and the Second Division was on the right at the famous St. Eloi craters. The British Guards division was on the Canadian left.

LOW TERRITORY
The day dawned clear and warm. A few birds sang their welcome songs in the desolation called Sanctuary Wood—singing little in the way of Sanctuary. The territory is a jagged line, impossible to hold, so protection was built up above ground every day and night.

As the early morning passed away a deadly silence prevailed over the salient. It was ominous, but not long.

At 6:30 p.m. three companies with a mighty roar the German army bombarded, which brought the war to a close. The greatest concentration of German guns in any given locality fired four hours the German guns drummed away at "sun-baked" earth and the gunners can operate the guns.

The "breakthrough" was the first of the gallant defenders disappeared like so much cardboard. The salient was turned upside down. Canadian men faced the enemy and were shot in the back by German guns, so sharp was the enemy.

TOOK FRONT LINES
About noon the Germans—tall, lean, clean-fronted Wurtembergers—"came over." A few dazed and crazed men alone were left living to meet them. Fighting with their bayonets they took the front lines. The 49th, under Col. W. A. Grenshaw, D.S.O. in the 7th Brigade, was called for the counter-attack and early on the morning of June 3 fighting continued. The German hordes and succeeded in driving back the Canadians, and straightening out the line. Further German attacks were repelled. On the night of June 3, 1916, 13 remnants of the gallant 49th Division, reinforced by the 1st and 2nd Divisions, went over in driving rain to entirely recapture the lost ground remaining in German hands and entirely repulsed the attacking German army.

This operation was considered one of the most perfectly conceived and executed in the whole war.

NEW GERMAN CABINET MEETS

Count Franz von Papen is
at Head

BERLIN, June 2.—President Paul von Hindenburg summoned the new German cabinet headed by Count Franz von Papen to meet at the presidential palace at noon today to take the oath of office.

The formal swearing-in of the new ministry was to be followed at six p.m. by its first session in the chancellery.

The cabinet list, completed in short order yesterday, was made today with the acceptance of Baron Constantin von Neurath, German ambassador to London, as foreign minister; Count Lutz Scheverin von Knigge as finance minister and Franz Goertner as minister of justice.

Dr. Karl Goerdeler, who served as "prime minister" under the former ministry and who had been mentioned for minister of labor, declined to serve. The labor minister was then taken over by Dr. Hermann Wirth, who was named as minister of labor yesterday.

**54 Candidates
To Seek Office In
Newfoundland**
ST. JOHN'S, Nfld., June 2.—A total of 54 candidates will go before the voters of Newfoundland for election or defeat on June 11.

Nominations proceedings yesterday drew representatives of the Liberal, Conservative and United Farmers' parties. Richard Squires' Liberal government and of the United Farmers' local election party, led by Hon. P. C. Alexander, disappeared to each of the 26 seats which must be settled by the ballot. The 26th, Port au Port, went today to Dr. H. M. Modell, who resigned from the Quebec government for his opposition to the house, and stood as an independent. He was elected in two others. St. John's West and Trinity North, independent candidates have come forward to join the issue with both main parties.

Military Notes
Batteries ordered by Major R. A. Wym, officer commanding 2nd Field Battery, C.E.F., to be sent to the front on June 2, 1932, at 10 a.m. on Thursday. The battery is to be sent to the front to be present to see that further losses are not incurred. Details sent without interruption. Leave for the 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, 11th, 12th, 13th, 14th, 15th, 16th, 17th, 18th, 19th, 20th, 21st, 22nd, 23rd, 24th, 25th, 26th, 27th, 28th, 29th, 30th, 31st, 32nd,
